

DAILY CLARION.

FRIDAY, OCTOBER 29, 1875.

A TRICK OF THE ENEMY.

A Secret Circular of the Radical Executive Committee Brought to Light.

A Deep Laid Plot to Count the Radical Candidates in and the Democratic-Conservatives out. No Matter What the Vote is

We hasten to lay before the public the subjoined secret circular, issued by A. Warner, Chairman of the Radical State Executive Committee, "to all the Judges and Chancellors throughout the State." Under a thin guise of virtuous phraseology, it is nothing more nor less, than an appeal to those functionaries to see that the lists of Registration Boards are revised in order that they may be stocked with members who will corrupt the ballot boxes and defraud the voters of a fair election, and count Radical candidates in and the Anti-Radical candidates out, no matter what the vote is:

ROOMS REP. STATE EX. COM.,
STATE OF MISSISSIPPI,
JACKSON, Sept. 24, 1875.

[Circular Letter.]

DEAR SIR—You are aware that during the present canvass, and in the coming election, while the opposition are using every means to defeat the Republican party, we are forced to the necessity of employing every lawful ADVANTAGE OUR POSITION GIVES US. Not the least of these is the matter of Registration, and in the proper performance of the duties of Registrars. It is apprehended that many Republicans have already been prevented from registering by threats and intimidation. It is, therefore, of the greatest importance that the majority of the Board of Registrars should be composed of men not only true and faithful, but who will also have the courage and firmness to discharge their duties fearlessly, ESPECIALLY IN CANVASSING THE VOTE AND MAKING UP THE RETURNS. With this view we earnestly ask you to examine the list of your appointments critically, and satisfy yourself fully as to the character of each man, and make such changes, as in your judgment, will promote the free and full expression of the people at the ballot box. We take the privilege of addressing this Circular Letter to all the Judges and Chancellors throughout the State, because it has been suggested to us that there are some professed Republican Registrars who are incompetent, unworthy and of doubtful fidelity.

Respectfully,
[Signed] A. WARNER,
Chairman.

1st. The Radical spoilsmen, in danger of losing the offices, claim that they have the right to use any "advantage," (the word "lawful" is a blind) their "position gives" them "in the matter of Registration." Now what right has either party to an "advantage," and what is it but a pregnant suggestion, that, as the Radicals can appoint a majority of the Boards, it is their province to count in such candidates, or throw out such boxes, as will enable them to carry their point?

2d. It is "apprehended" (says the circular) that Republicans have already been intimidated from registering, therefore men should be appointed who will (not see that a fair election is held, and that every man will be protected in his right to vote but) have "the courage and firmness to discharge their duties fearlessly, ESPECIALLY IN CANVASSING THE VOTE AND MAKING UP THE RETURNS."

3d. In order to secure the services of good counters, who would know how "to make up the returns," and would do it without the fear of God or man, in the Radical interests, Republicans of "doubt-

ful fidelity" (that is, whose rascality is above doubt,) are to be put in the places of men who are not known to be the sort needed to carry out the diabolical plot.

4th. And to the shame of human nature, "the Judges and Chancellors throughout the State" are called upon to drabble the ermine into the mire and filth of this foul and villainous trick.

Now, Democrats and Conservatives, you have the hand of your unscrupulous adversary. Guard against the scheme by appointing committees of fearless and vigilant men, who will guard the ballot-box, watch the "canvassing of the vote and the making up of the returns"—and take care that no boxes are thrown out. Claim the right, and enforce it, to be represented during all the process of voting, counting and "making up the returns." The fair thing does nobody any wrong.

ETERNAL VIGILANCE IS THE PRICE OF LIBERTY!

To the People of Mississippi.

It is the desire of the Board of Control of the Planters, Manufacturers and Mechanics' Association of the State of Mississippi to exhibit at the State Fair to be held in Jackson, commencing on the 8th day of November next, and continuing one week, samples of all the products of Mississippi soil.

The design is to exhibit, in one collection, the great variety of Agricultural and Horticultural productions of all sections of our State. This is an enterprise in which every Mississippian is interested, and to which each should be proud to contribute.

You are therefore earnestly requested to collect and forward to the undersigned, at Jackson, samples of the products of your section, distinctly labeled with the name and post-office address of the producer, the quantity he has for sale, if any, and a brief statement of the time of planting, mode of culture, or manufacture, &c. All except perishable articles should be shipped so as to arrive at Jackson by the 6th of November; perishable products, such as vegetables and fruits, by the 8th.

Selections will be made from this display, of suitable samples for the Centennial next year.

All Mississippians, and especially Grangers, are invited to contribute to this display, and to see that their counties are properly represented. Let us have a complete illustration of the resources of Mississippi both at the Fair and Centennial.

Samples of goods, models of machinery, and implements of Mississippi manufacture, are also solicited. Anything which will illustrate the industry or resources of our State will be received in this display, which the Board hopes will be worthy of Mississippi and Mississippians.

THOMAS ATKINSON, Master of Capital Grange, No. 19, at Jackson, Miss.:

"Have used almost every cast plow that has been brought to this market, and can truly say yours is equal to the best. I know it to be in extensive use among the members of our Order and it has given entire satisfaction."

MR. J. R. POWELL, of Canton, Miss.:

"Is the best I ever used, and I can highly recommend it to any one wanting a first rate plow and scraper."

L. F. MONTGOMERY, of Madison Station, Miss., Pres't Mississippi State Fair Association:

"I think it equal to any cast plow now in use in this part of the country—runs light, turns well, and is substantially made."

CLINTON, MISS., July 19th, 1875.

MESSES. STUART & KIRKLAND: We have thoroughly tried your plow; it is the best cast plow we have ever tried: first it is more durable; second it turns dirt better, and runs considerably lighter on the team.

Twenty-two years of uninterrupted and prosperous existence, and nineteen of these years under the same direction, have enabled it to accumulate educational facilities which younger institutions cannot possess, and which rank it with the best in the land. These advantages too are offered at a very moderate expense.

Mississippi College,

Clinton, Hinds County, Mississippi.

THE Twenty-fifth Annual Session of this Institution will commence on Wednesday, the 29th day of September next.

Young men may require as complete and thorough an education here as at any College in the South.

The following ten Departments are fully organized and efficiently officered, viz: Greek, Latin, Mathematics, Natural Sciences, English Languages and Literature, French Language, and Literature, German Language and Literature, Mental and Moral Science, Commercial Law and Practice, and a Preparatory Course.

The reputation of the College for thorough scholarship and mild but unbending discipline will be maintained.

Board in the College Halls may be had at about \$10 per month; in private families at \$15 to \$18. Board in these Halls is as good as in private families. Each Student, by furnishing his own room, cutting his own wood, etc., diminishes the price of board to actual cost. Each hall is in charge of a gentleman and lady of culture and experience, who employ the servants, lay in the supplies, and have complete superintendence of the establishment, and thus are secured to the Students all the refinements and sacred influences of the family. The board must be paid monthly in advance. As the number of rooms in the Halls is limited, application should be made early.
